

Eastside Opportunities Society is always seeking interested community members to become a part of the Board to provide input and support on delivering programs and events to meet community needs

We acknowledge the financial assistance of the Province of British Columbia

Our History

Eastside Opportunities Society is a nonprofit society established in the 2nd Street School community for the purpose of identifying community needs and responding to them. In 1995, school age care and a youth drop in was identified as a need in the area; and steps to implement a program were followed. The Board of Directors include parents and community residents

The programs opened in the fall of 1996. Kid's Link School Age Child Care Centre is a licensed, group child care facility that now provides licensed, group child care for 45 children from 5-12 years of age, in two facilities. The Eastside Youth Drop-in program now runs Monday to Thursday at 2nd Street Community school and Armstrong Elementary School. Over the years we have continued to identify what the community and schools needs and have implemented programs like the Breakfast and Homework Program, Lunch Programs and Friday Night at the Dive-In.

Eastside Opportunities Society is a nonprofit society established in the 2nd Street School Community in 1995.

It offers school age child care, preteen programs, girls groups, youth programs and supports needs in our community.
